CALL TO ORDER: The Caucus Meeting of the South Monmouth Regional Sewerage Authority was called to order at 7:00 p.m. on Thursday, January 12, 2017.

Announcement: This meeting was called in accordance with the provisions of the Open Public Meetings Act in that an announcement of the same was mailed to the Clerks of our member municipalities on February 22, 2016; and to the Asbury Park Press and the Coast Star on February 25, 2016. The minutes of this meeting will be available after Board approval at a subsequent meeting.

Roll Call:

Absent: Commissioner Dempsey

Prior to the Attorney’s Report, Mr. Brian Valentino, Executive Director, Western Monmouth Utilities Authority presented an Official’s Honor Medal Award to Michael Ruppel for a career of distinguished service spanning from his efforts in the formative years at Western Monmouth Utilities Authority to his leadership on behalf of the people of the State of New Jersey, in Environmental Protection, and as President of the Association of the Environmental Authorities.

ATTORNEY’S REPORT:

Mr. Bonello reported that he had reviewed the items on the Executive Director’s report with Mr. Ruppel and has been involved along with the Authority’s Labor Counsel on the current Human Resource issues.

EXECUTIVE DIRECTOR’S REPORT:

SYSTEMS

Outfall Project

Mr. Ruppel reported the Ocean Outfall Rehabilitation Project contract has been signed, staff is currently reviewing shop drawings and a project kick-off meeting has been scheduled for mid-January 2017.

Cogeneration Resiliency Upgrades

Mr. Ruppel reported the Cogeneration Feasibility Study has been completed. Staff continues to work on the design with the expectation it will be completed by the first week of April 2017. As
this is a federal funded grant project the Economic Development Authority (EDA) will need to review the design as well. Staff expects to solicit for bids in June 2017.

**Enterro-Cocci Pilot Program:**

As the Board of Commissioners were already aware the State has changed its indicating organism, enterro-cocci, that is used to detect bacteria in its most recent permit. Mr. Ruppel stated the Authority uses this enterro-cocci organism to detect bacteria in its effluent. He further stated that he was a part of the collaboration with the AEA Ocean Discharge Group to negotiate these standards. However, when the time came to issue the permit, the Authority removed itself from the group due to site specific reasons and requested the State authorize a stay of the requirements in order to pursue additional study work. The Authority is currently conducting a pilot program which will determine if the Authority can effectively meet the new permit requirements without exception or modifications to its system.

**ADMINISTRATION**

**2017 Income, Capital, and Appropriation Budgets**

Mr. Ruppel reported a resolution has been placed on the Regular Meeting Agenda for Board of Commissioners consideration and approval to adopt the 2017 Income, Capital, and Appropriation Budgets.
