

# SOUTH MONMOUTH REGIONAL SEWERAGE AUTHORITY

The Commissioners of the South Monmouth Regional Sewerage Authority established the 2025 Sewer Connection Fee at their meeting on January 14, 2026, pursuant to R.S. 40:14A-8 Amendment to the Schedule of Charges as set forth below. The Resolution establishing the Connection Fee is available for public inspection at the SMRSA Administration Office at 1235 18th Avenue, Belmar, New Jersey.

## Exhibit H – Fee Schedule 2026 Approved by Resolution #01-26

### SEWER CONNECTION FEE:

Definitions of Equivalent Domestic Unit (EDU)

I. Connection Fee:

The Connection Fee shall be calculated annually in accordance with N.J.S.A. 40:14A-8. The SMRSA 2026 Calendar/Fiscal year Sewer Connection Fee per Equivalent Dwelling Unit (EDU) has been calculated to be **\$2669.00 per EDU**.

II. Residential Uses

Each apartment, townhouse, single-family dwelling, or similar type of housing unit, shall be assigned 1.0 EDU.

III. Other Than Residential Uses:

The number of EDU's assigned to any use, other than residential, will be based on the proposed estimated average daily flow of the proposed connector in accordance with provisions of the New Jersey Administrative Codes more specifically N.J.A.C. 7:14A-23.3 (Projected Flow Criteria) as supplemented therein on March 20, 2006, and approved by the Executive Director of the Authority, divided by the average daily flow of sewage for the average single-family residence in the Authority's service area. Each "Other Than Residential" use, shall be assigned a minimum of 1.0 EDU. Fractional number of EDU's shall be rounded up to the nearest whole number EDU.

The average daily flow of a single-family residence shall be calculated annually, at the end of the calendar/fiscal year, and be utilized for determining the number of EDU's assigned to "other than residential" units in the subsequent fiscal year.

The average daily flow of a single-family home for purposes of determining the number of EDU's assigned to "other than residential" units for the 2026 Calendar/Fiscal year is **179 gpd**. The average daily flow of a single-family residence was calculated by dividing the 2025 Average Daily Flow (as metered by the Authority), by the total number of residential and "other than residential (equivalent dwelling unit)" connections to the system.

### Sewer Discharge Surcharge Fee(s):

<u>Pollutant or Pollutant Property</u>	<u>Surcharge Rates</u>
Biochemical Oxygen Demand (BOD)	\$0.351/lb. excess loading
Total Suspended Solids	\$0.292/lb. excess loading

Surcharge for any other prohibited pollutant will be determined on a case-by-case basis.

**Exhibit H – Fee Schedule 2026 (CONT'D)**  
**Approved by Resolution #01-26**

Rates for the acceptance of liquid waste

Type Code	Waste Type	Below 30,000 gallons per month	30,000 gallons per month	Amount over 30,000 gallons per month	
1	Preapproved Processed Food Waste				
	0 to 8% solid	\$0.07	\$0.06	\$0.05	per gallon
	8 to 10% solid	\$0.08	\$0.07	\$0.06	per gallon
	Greater than 10% solids	\$0.10	\$0.09	\$0.08	per gallon

\*Delivery of 30,000 gallons or more per month shall receive a \$0.01 per gallon discount, an additional \$0.01 reduction (only on the gallons in excess of 30,000) will be given towards the overage.

**SEWER EXTENSION PERMITS & TREATMENT WORKS APPROVAL PERMITS:**

- \$175.00 for the first (1) Equivalent Dwelling Unit (EDU) or part thereof.
- \$65.00 each from the second (2) Equivalent Dwelling Unit (EDU) through and including the sixth (6)
- \$500.00 for seven (7) or more EDUs, plus 1% of the cost of the sewer construction cost.
- In extraordinary circumstances where, due to the nature of the application, the payments set forth in paragraph (1), (2) or (3) are insufficient to cover the Authority's administrative costs for review, the applicant shall pay to the Authority, in addition to the sums in (1), (2) or (3) a sum representing the Authority's actual administrative costs and expenses for review of the application.
